

SC4500 MASTERSHADE® SCREEN SYSTEM WITH ZIPPER TRACK

FRAME COLORS

Frame colors may vary due to the printing process.

MOTOR OPTIONS

SOMFY MOTORS feature an integrated radio receiver that allows you to operate the screen by remote. The optional "Ondeis" sun sensor will lower the shades automatically when shade is needed. A wind sensor can be added that gives the extra protection from wind by retracting automatically.

A Rolling Screen with Cassette, Zipper and Track

Screens can be raised or lowered easily.

MAX SIZE:

20 ft. Wide & 16 ft. High: Max width will depend on fabric.
Max height will depend on width.
(Larger sizes may be possible depends on size and fabric).

OPERATION:

A exterior gear/crank set is standard on the SC4500. A convenient push-button motor is also available as hardwire or with radio remote. Interior gear and motor optional.

RECOMMENDED FABRICS:

- TUFFSCREEN by Phifer (45% open)
- Soltis 86 (14% open)
- Recscreen 5000P (5.5% open)
- Para acrylic fabrics
- Ferrari 502 vinyl with clear windows

The SC4500 is the ideal rolling solar screen and bug screen system for verandas, garage doors and lanai's. Finally, you can enjoy outdoor space without worrying about the sun's glare and in the evening without worrying about pesky bugs. Simply roll down the screen and the zipper system will do the rest. This specially engineered zipper system keeps the fabric within the track, keeping unwanted bugs from entering the space. Both Solar screen fabric and Tuff Screen Bug fabrics are available. The SC4500 can also be used with vinyl fabric and clear windows for keeping moderate weather at bay.
